

XIN HONG NEW MATERIALS CO.,LTD

Xinhong steel Co., Ltd .is prime manufacture for color coated steel coils, rolling paint on hot dip Galvanized, Galvalume Steel or aluminum sheet. Our company is located in Wuxi, Jiangsu, China and guaranteed quality, reasonable price and excellent after-sales service win us good reputation among our customers and partners.

Color of our product is according to Ral card or sample from customer. We also provide simulated wood grain, stone grain or embossing surface. Color coated steel bring decorative affect in vision and lengthen service life.

Color coated steel coil is coated with organic layer, which provides higher anti-corrosion property and a longer lifespan than that of galvanized steel sheets. The structure of prepainted steel includes finished coating, primer coating, chemical conversion coating metallic coating and cold-rolled steel. The pre painted steel sheets are mainly provided for various commercial purposes covering architectural construction, electrical household appliances, transportation, etc.
